

Smile-A-Thon

Hello! Do you have a couple of minutes to listen to me tell you about my school's Smile-A-Thon? A Smile-A-thon is similar to a Walk-A-Thon, but instead of by the *Mile*, I'm asking you to sponsor me by the *Smile*.

Operation Smile is a children's medical charity that travels around the world to give free surgery to patients with facial deformities like cleft lips and cleft palates.

- A cleft lip is an opening in the lip and sometimes in the upper gum.
- A cleft palate is an opening in the roof of the mouth.
- The exact causes of clefts are unknown.
- Every 3 minutes, a child is born with a cleft.
- Many children need surgeries and can't get them. Operation Smile helps!

Spontaneous Smiley is 1000's of people all over the world who take pictures of Smiley Faces in everyday objects. The project is making people smile worldwide.

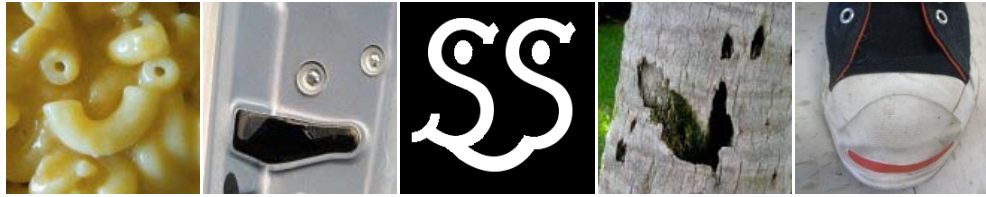

Spontaneous Smiley and Operation Smile have a partnership to raise money and help give more surgeries to children. I have become part of that partnership by participating in a Smile-A-Thon. Did you know it only costs \$240 to give a child cleft lip surgery? Will you help me raise money for *Operation Spontaneous Smiley* by donating today, or pledging money for every Smiley I photograph?

When the Smile-A-Thon ends I will tell you how many Smileys I photographed, and return to collect your donation in the form of a check. You will receive a receipt for your donation in the mail to the address on your check.

Thank you for helping me make a difference in the lives of children forever!

Will you pledge for every Smiley I find?	Pledges \$ ____ Per Smiley
