

Biomedical Technician

Description

Biomedical technicians ensure that we can bring state-of-the-art medical equipment to even the most rural and remote hospitals. Their responsibilities include guaranteeing the integrity of hospital infrastructure and systems. They assess, monitor and repair local as well as HQ supplied equipment. Our Biomedical technicians are essential in ensuring the safety of our patients and volunteers on the mission.

Qualifications

In order to be eligible as a biomedical technician volunteer with Operation Smile, you must fulfill the following criteria:

- Minimum 1 year experience in the Operating Room or a minimum of 3 years' experience in non-OR setting.
- Hold a related degree and/or certifications (C.B.E.T. recommended).
- Registered in Specialty (as applicable by country/profession).

Application documents needed:

- Completed Biomedical Tech application online, including three references.
- Copy of resume/curriculum vitae detailing current experience.
- Must have minimum 1 year experience in the Operating Room or a minimum of 3 years' experience in non-OR setting.
- Copies of diploma and/or certifications relating to this position (C.B.E.T. recommended).
- Copy of current license (as applicable by country/profession).
